How to select Favorites

Favorites are a great way for you to share the photos you like.

In the Gallery, click the “**SELECT PHOTOS**” button in the top right corner and select the photo(s) you would like to favorite.

Click on each thumbnail you would like to add to your list of favorites, and then click on the “**ADD to FAVORITES**” button.

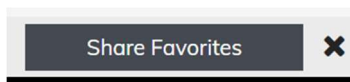

You may also browse other Galleries and add them to your favorites too. Another way of adding to your “**Favorites**” in the full image view is by clicking on the heart on the top of the photo.

You may view and edit your “**Favorites**” by clicking on the button in the top left corner of the screen.

One of the neat things about doing this is it gives you an option to view your very own “**Favorites**” slideshow!! When you’re done selecting your “**Favorites**”, you can also send me a message, click on the “**Share Favorites**” button.

If you would like, I can create a private gallery just for you of the images you selected.
